TTY: 1.800.735.2942

## **Participating Provider Directory - Important Notice**

This Directory lists the doctors, hospitals, and healthcare providers that participate in our Health Plan. At the time of printing, this listing is up to date. However, ongoing changes happen as new providers are added and other providers end their participation with the Health Plan.

You are strongly encouraged to contact us to verify the status of the providers involved in your care including, for example, the anesthesiologist, radiologist, pathologist, facility, clinic or laboratory, when scheduling appointments or elective procedures to determine whether each provider is a participating or nonparticipating provider. Such information may assist in your selection of provider(s) and will likely affect the level of co-payment, deductible and amount of co-insurance applicable to the care you receive. The information contained in this directory may change during your plan year. Please contact 866-821-1365 or [www.mahealthplans.com](http://www.mahealthplans.com) to learn more about the participating providers in your network and the implications, including financial, if you decide to receive your care from nonparticipating providers.

Medical Associates Health Plans (MAHP) has developed a network, which includes primary care practitioners and specialists as well as local hospitals and other providers of medical care. MAHP maintains a stable, consistent network of providers throughout the service area for members to utilize without a referral. MAHP issues a referral to tertiary centers or other specialists and hospitals when care cannot be provided within the local network.

## **Obtaining Primary & Specialty Care**

You have direct access to any Participating In-Network primary care practitioner (Internal Medicine, Pediatrics, Family Practice or General Practice) and most Participating In-Network specialists. We encourage you to establish yourself with a Participating In-Network primary care practitioner for continuity of care. If you need to see a specialist, you have direct access to most of them by calling the phone number listed in this directory. If a specialist requires you to be referred from a primary care practitioner, you will be informed of this when you call the specialist. If you have questions in regard to accessing any of our Participating In-Network providers, questions about a medical condition and aren't certain who you should see, please call our Member Services Department at (563) 584-4885 or 1-866-821-1365.

## **Pharmacy Listing**

Pharmacy Benefits vary with each Medical Associates Health Plans (MAHP) employer group policy. Be sure to check your Subscriber Agreement for benefit information. If you have specific questions, please contact our Member Services Department or check online at [www.mahealthplans.com](http://www.mahealthplans.com).

Prescriptions may be filled at any participating pharmacy of choice. When outside the area, you can fill your prescription at any pharmacy. You will need to present your member ID card to the pharmacy when filling a prescription. If you encounter a problem, please have the pharmacist call Member Services.

# PRACTITIONERS BY SPECIALTY

Disclaimer: The Provider network may change at any time. You will receive notice when necessary. For more current information, please contact the Member Services Department at 1-866-821-1365 or 563-584-4885.
